Last year, I did my final Examination for form four KCSE. The exam was very fair, and I did it to my best hoping good results. The results are not yet ready but very soon they will be ready and announced. It is my hope that I will do best in my KCSE examination when my results will be out.

I want also to take this opportunity to thank you for the good support that you have offered to me since I first joined form one and for now I did my final Secondary Examination. Once the results will be out, it is my hope you will be happy for the good performance and you will do the same in my studies as I continue with my studies.

My dream is to pass well with flying colours and join university or college to further my studies. Once I join to further my academics I will also do much better and you will be happy for my good

results. kindly feel appreciated for your good support

Dear GILSON HOUSE,
Shiplake College.

How are you? I hope you are fine. I'm also fine. How are your family members? I hope they are fine.

My family members are fine as well. Receive much greetings from them. Pass my sincere greetings to your family members.

Let me take this opportunity to thank you for your great concern you showed in my Secondary education. In your absence I couldn't make up to this level. You made my learning in secondary school easy and enjoyable and I will live to appreciate you for that.

For the time being I'm waiting for the KCSE results and I will inform you about my performance once the results are out. I would like to pursue career in the field of mechanic and electrical works.

I celebrated Merry Christmas well. I attended a mass service on that day. It is during the rainy season and we have planted different crops. We are expecting to have good harvest this season since it has been raining well. Soon we are going to start harvesting activities.

Yours Faithfully,
Daniel & Maryam

Dear Lower School,
Shiplake college.

How are you? How are you doing? I hope you are doing well. I hope you had a nice holiday back there.

Back here I also had a nice holiday where I celebrated my Christmas with my family and cross over day from 2024 to 2025. I hope yours was also nice. Last term for me was a bit lengthy because of the Kenya National Examination that is KCSE. Which I hope to score well so that

I can transit to the next level of my education, where I wish to pursue a career on medicine.

For this holiday we were busy at our farms. We were experiencing short rains. We planted various crops such as maize, beans, peas and green grams. We are waiting the time for harvest.

The main aim of writing this letter is to thank you for supporting me in my secondary level Education. May God bless you for the support.

4th January 2025,

Dear Orchard House, Shiplake College,

How are you? It's my hope that you are all fine at this warm beginning of the year. My family members and I are all fine under the mighty love of God.

It's my joy that it has been a long journey since form one and now I have seen the end of my secondary education under your generous sponsorship. You actually made my secondary education as smooth as I have never expected. I interacted with my teachers all through till I sat for my Kenya Certificate of Secondary Education exam of which the results are yet to be announced. It's my promise that I will let you know immediately when the results will be announced.

Also, at this point I would like to appreciate you once more for your support. My heart is sincerely glad of you thanks a lot because I couldn't imagine how my education would be without your support.

At this time, it is a rainy season and I actually did help my parents a lot in the Uhamia and how we are almost awaiting for the harvest.

When it came to Merry Christmas and Happy New Year celebrations, I enjoyed quite a lot with my parents, brothers and sisters, relatives and friends. It was really enjoyable.

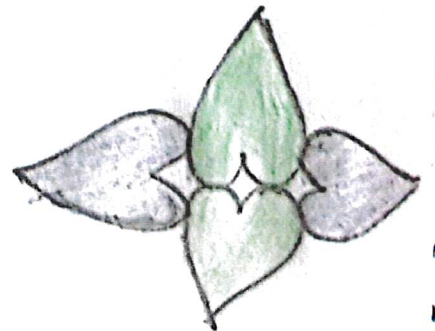

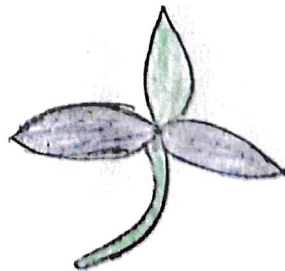

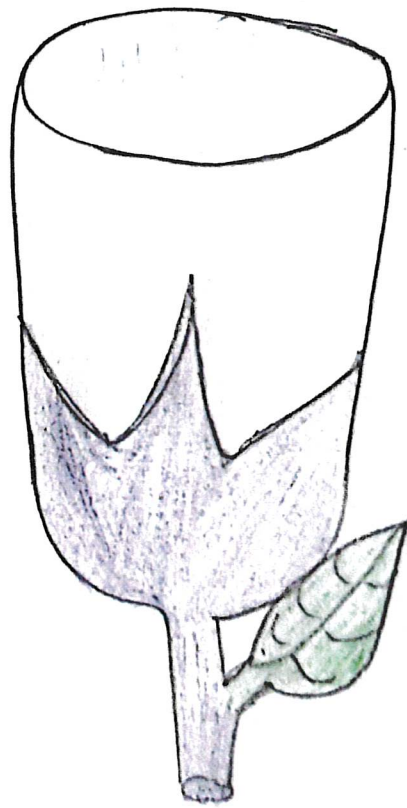

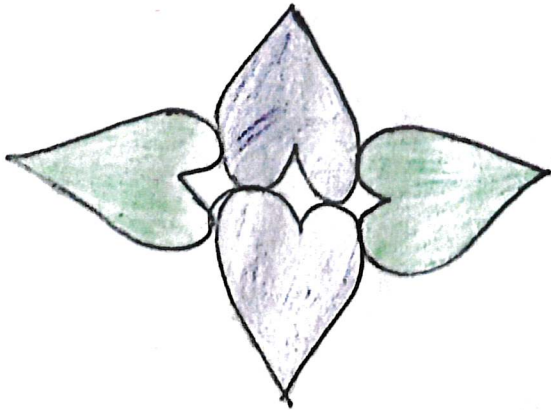

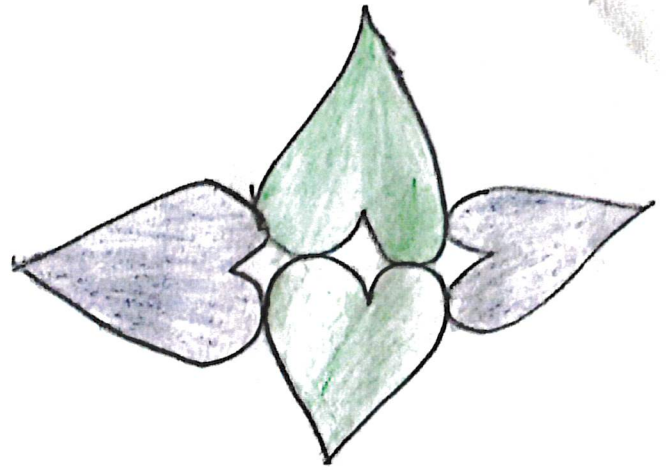

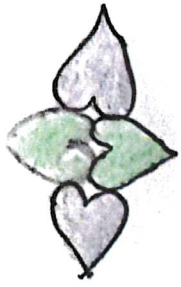

During this time prayer has become my hobby for God to help me get a good grade so that I can make it to pursue a good career in the field of medicine.

It is my humble request that if I do well because I am eager to pursue higher education you may still sponsor me. Please consider my humble request.

As I conclude, I would like to appreciate you once more and

with you nile time. Kindly pass my regards to your friends. May God
bless you and be on your side always in whatever you do. Your
support will be ever in my memories.

Yours faithfully,
Sharon Muthoka.

Dear Skipwith house,
Shiplake college,

How are you? I hope you are fine with this happy new year 2025. I am also fine. How do you do? The year has openly started with a lot of joy and higher expectation.

I did my KCSE examination well but the results are still not out. Hoping to do well and continue with more studies in the high levels.

During the holiday we had long rain periods where we planted subsistence crops like maize, beans and cow peas. Again it was a season of harvesting mangoes. Furthermore we celebrated Christmas day and cross over day from 2024 to 2025.

I thank God for all what He has done. I also thank you very much for what you did to me. If I was alone I could not make it but under your hand I have done it. My heart is openly appreciative and thank you for your assistance. Thank you again and again.

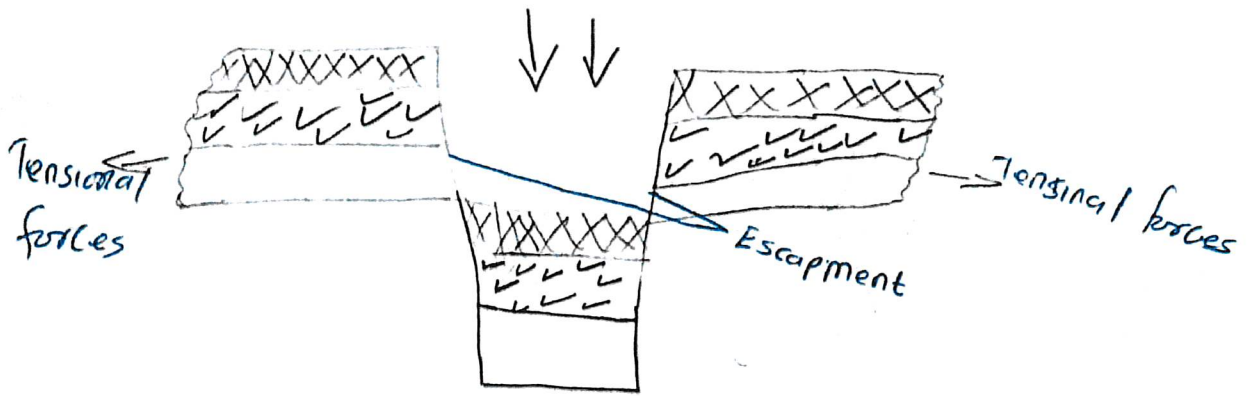

Yours faithfully,

Dear Welshouse,

Happy New Year my dear sponsors? It's my hope that you are fine. I am fine too. My dear friends are also fine.

I would like to take this great opportunity to thank Almighty God for the far He has taken me. Of course, I cannot take it for the granted. I was so happy when I saw this year (2025). He made me to see the beginning of form one and now I have concluded my studies in secondary level of education. It is so great.

My dear sponsors, you have been with me since form one upto now. You have been paying my school fees which has been so good to me. You really showed your mercy and love to me. I didn't know whether I would conclude my studies in secondary like now.

My parents could not afford such school fees. I am so glad for the great work you did to me. In fact, you have made me to start shining. How was your Christmas? Did you enjoy? Mine was so fantastic whereby I was with my cousins, grandparents and my parents, my brothers and sisters together with my friends.

We cooked different food that is chapati, pilau, ugo

and meat. We had different drinks like soda and water. We all shared with a lot of happiness.

I did my final exam in High school (KCSE) but results are not yet released. It's my hope that I will pursue to higher education to achieve my goal. I know very well that you will forever be with me hence knowing how I am, I will also not forget you. I will make sure that we have communicated.

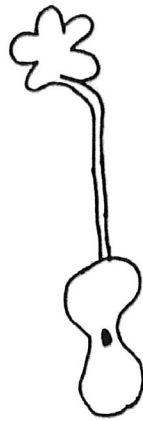

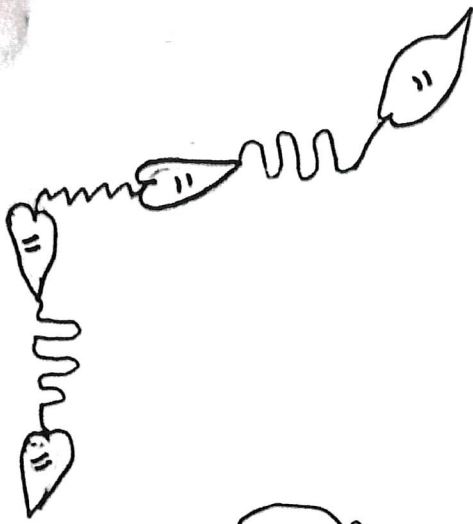

Let me take this great chance to thank you more and more. May God bless you and be with you and continue guiding you in rest of your life.

May you pass my warm regards to your parents, guardian and even your friends. All the best. ♡ ♡ ♡ ♡

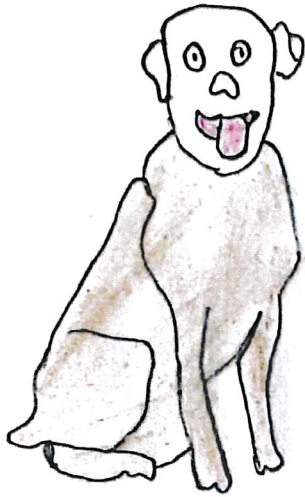

Yours faithfully,
